FYRSKIB XXI Diplom

Sponsored by OZ7DAL, "Danish Amateur Lightship" located in the radio room of the "FYRSKIB XXI". Contact amateur stations duly authorized to operate from active or inactive lighthouses or lightships anywhere in the world on or after 25 Mar 1994.

The possibility of electronic interference may prevent amateur radio transmissions directly from the premises, since they are very often used as transmission or relay points for many kind of communications.

For that reason, authorized operations from a location within the lighthouse premises or up to 300-400 yards away are valid for the award. SWL OK and need only send a list of stations heard.

Direct contacts with minimum RS(T) 33(8) on any band or mode. Cross mode QSO's are OK.

The award may be claimed by any call, individual, club or special event station. A QSL received by a club or special call also counts for the operator's personal application if his/her name or call is obvious from the QSL. The award does NOT have to be worked from a single location, county or continent.

QSLs must reflect QTH (photo QSL, official stamp on QSL or similar).

A list showing details of contacts should be certified by 2 officials of your radio club. If this is not possible, then the actual cards must be sent to sponsor together with sufficient IRC's for their return. OX, OY, OZ stations apply direct to OZ7DAL with QSLs and sufficient postage for their return. SWL applications are accepted and SWLs need only send a list of stations heard.

Amateurs with VHF/UHF permission are encouraged to apply with a mix of SWL and QSLs.

The sponsor reserves the right to call for the applicant to submit any or all of the cards listed on the application. Award can be claimed only if the contacts are made/heard over a period of MORE than 7 days.

QSLs for contacts with OZ7DAL made on any 25 March, will be a "JOKER" and count for any otherwise required contact.

Requirements:

1. National - 7 contacts anywhere in the world — OZ7DAL mandatory. The Basic Diploma includes a lighthouse pin.
Upgrades:
2. Continental - additional 8 contacts, new total 15. Minimum 4 countries.
3. Bi-Continental - additional 5 contacts, new total 20. Minimum 6 countries in two continents.
4. Tri-Continental - additional 5 contacts, new total 25. Minimum 8 countries in three continents.
5. World Wide - additional 5 contacts, new total 30. Minimum 10 countries in 4 continents.
6. World Wide Extra - additional 5 contacts, new total 35. Minimum 15 countries in 5 continents.
7. Excellence - additional 15 contacts, new total 50. Minimum 20 countries in all 6 continents.

Fee is 13 IRC's, \$US9.50 or 11.50€ or DKK60. Upgrades SAE plus 3 IRC's, \$US2, 2.50€ or DKK15 per upgrade. Apply to OZ7DAL, DK-8400 Ebeltoft, Denmark.

AMATEUR RADIO AWARD'S DIRECTORY

Hans Christian Andersen Award

Fairy tale writer Hans Christian Andersen was born in Odense April 2. 1805. In order to celebrate his birth, the call sign OZ5HCA has been on the air for some years in the week around his birthday. In 2005 it will be on the air for the entire month. Amateurs from the local radio amateur branch OZ3FYN have activated this special call. The club now sponsors this award called the Hans Christian Award. It features Hans Christian Andersen's childhood home and is signed by the Mayor of Odense. Make contact with station OZ5HCA on 3 bands (3 QSO's). Contacts may be made over several years using any mode. GCR list and fee of \$US3 or 3 IRC to OZ3FYN, P.O. Box 134, DK 5100 Odense C, Denmark.

PS: Remember to tell your child or grandchildren a fairy tale - keep the tradition alive.
