### Kaliningrad - Konigsberg 750 Award

This award commemorates the 750<sup>th</sup> anniversary of the founding of Kaliningrad City (known as Konigsberg before 1956). Earn 750 points by working UA2 stations on all bands and modes, and on VHF or via Satellites, make contact with 2 UA2's.

Scoring:

- 100 points for any RK2F, UE2F stations and for RW2F and R2MWO.
- 50 points for any other UA2 stations.

Same station may be worked on different bands for credit.

Earned points may be doubled if:

- you were born or lived in Konigsberg or in East Prussia before 1945.
- you were born or lived in Kaliningrad or the Kaliningrad region after 1945 and moved away later.
- you ever had a UA2 license and moved away later.

Special rule for old timers: if you had at least one QSO with Konigsberg station before 1945 (prefixes were D3 or D4), you only have to work one UA2 to earn the award. Send a copy of this card with your application. Log extract and fee of 30 Rubles for Russia/CIS or 3 IRCs for all others.

### Kaliningrad Districts Award

Contact 10 different UA2 districts . Note: the award may be earned during the annual UA2 QSO Party. The UA2 Contest Club offers a special plaque for working all 23 UA2 districts. The fee for the plaque is \$US30.

### AMBER COAST Award

Amber is petrified sap of conifer trees and one of the few places in the world where this may be found is on the Baltic Coast. This award is sponsored by Russian UA2-radioclub in Kaliningrad. Each QSO with an UA2-stations (city or region of Kaliningrad) counts 1 point, making a 5-band-QSO with the same UA2-station will give you 5 points. Europeans need to earn 10 points, and all others need 5.

All modes and bands (160m-10m) are accepted . Award fee: \$US15, 15€ or 23 IRC. This is a somewhat high fee, but since the award is already framed and is decorated with small pieces of genuine amber, the cost seems reasonable. Also payment by bank money-order is

possible: banking account number: 787868, bank identifier code: 23052750 (Kreissparkasse Herzogtum Lauenburg, Germany).

In this case don't forget name, call sign and catchword "amber coast". If an electronic mail address is available, the applicant will receive an acknowledgement of receipt (receipt of application and fee). The award itself is decorated with real amber and a wooden picture frame. Dimensions: 235 x 325 mm. Send your application form (GCR-list, confirmed and signed by two other amateur radio operators) to: Lutz Radloff, DL5KUA, Grönwohlder Str. 10a, D-22952 Lütjensee, Germany.

### VITYAZ Award Program

General Requirements: Sponsored by the Museum of the World Ocean of Kaliningrad. The awards are in the form of 3 silk pennant of 350 sq.cm. picturing the oceanographic ships named "VITYAZ". The last Vityaz sailed up to 1979 and is now a floating museum. Each award requires contacts with a minimum number of countries or specific areas where the ship worked or visited ports when it was active.

Contacts since 22 April 1979. All bands and modes. SWL OK. GCR list accepted, but the sponsor reserves the right to ask for any of the cards. Fee for each is \$US10 or equivalent.

Administrator of the program is Vlad Petrov, RA2FO.

Send the application to Guenther Schmidt DL1FCM, Ringstrasse 7, D-35094 Lahntal, Germany. Note: Guenther is the QSL manager for R2MWO, the station onboard the VITYAZ.
